Global Advisory Committee

What is the Summit

The 1st Global Summit on Disruptive Literacy: Time for Action will act as a catalyst for concrete global actions towards making **1 billion children and adults literate by 2030** to meet the targets of SDG 4.

The Summit represents a rapidly growing global partnership determined to take concrete global action towards the achievement of universal literacy.

We are aiming for the Summit to be the largest literacy synergy and we invite your collaboration.

Literacy initiative

What needs disruption

The status quo:

- 2 decades of gains in literacy wiped out due to the pandemic
- 63% children estimated to become learning poor
- 584 million children below the minimum proficiency level in reading
- 24 million additionally to dropout and add to an existing pool of 258 million out-of-school children
- 781 million adults are illiterate
- 2 out of 3 adults who are illiterate are women

171 million people could be lifted out of poverty if all students in low-income countries could read. World Poverty could be cut by half if all adults completed secondary education
